REQUISITION # 42014RQ340**

**PAGE 1 OF 14
STATE ANY DEVIATIONS**

It is the intent of this specification to describe an industrial self-propelled mower tractor. The unit shall be the manufacturer's current production model meeting or exceeding the terms of this specification. For any offer to be considered, all items must be of a standard production model and not modified for bid purposes.

Model

6125M CAB

Engine

125 engine horsepower
102 SAE PTO horsepower @ rated speed
John Deere PowerTech PVX Diesel wet-sleeve with High Pressure Common Rail (HPCR) fuel system and 16 valve head.
276 CID (4.5L)
Dual temp cooling system
Power Core G2 Air Filtration System with permanent pre-cleaning and safety element
Variable geometry turbocharger and exhaust gas recirculation
Underhood after treatment system with deluxe corner post exhaust
Self-priming and bleeding electronic fuel pump
Hand and foot throttle
Key engine shutoff

Transmission

PowerQuad 16 forward speeds, 16 reverse speeds with left hand electronic reverser, integrated park position
Park lock

**AIRPORT AUTHORITY
LAMBERT ST. LOUIS INTERNATIONAL AIRPORT
SPECIFICATIONS FOR A 2014 JOHN DEERE 4WD TRACTOR

REQUISITION # _____

Transmission cont.

Differential lock
Neutral safety start system
Perma-Clutch II, Wet Multi-Disk Clutch

Rear Axles and Tires

Planetary final drives
Flanged rear axle
Eight (8) position wheel with two (2) 460/85R-34 tires

Front Axles and Tires

Electrohydraulic MFWD engagement
Planetary final drives
Eight (8) position wheel with two (2) 13.6R-24 tires

Steering and Brakes

Hydrostatic power steering
Dual stage disc brakes
Rear axle differential lock

Hydraulics

Open Center hydraulic system
Load sensing constant flow Pressure Compensated (PC) system, 21.1 GPM (80 L/min) pump output, 21.2 GPM (80 L/min) flow @ once SCV; mechanical, ISO couplers

Instrumentation

Tachometer/hour meter
Electronic fuel gauge
Oil pressure indicator light
Air cleaner restriction indicator
Coolant temperature gauge
Turn signal indicator light
High beam indicator light
Alternator indicator light
Hazard switch
PTO indicator engagement light

Electrical

12 volt electrical system
One (1) 12 volt battery, 154 Ah (1230 cold cranking amps)
Seven (7) terminal ASAE outlet socket
3-Pin power outlet
90 amp alternator

Lights

Four (4) front grille headlights
Two (2) front outer roof work lights
Four (4) roof mounted flashing hazard lights
Two (2) rear fender tail lights with brake lights

Miscellaneous

Slow moving vehicle emblem
58 gallon fuel tank
Tilt-up hood
Full size spare tire and rim

Comfort Guard Cab

Two (2) door cab
Air conditioning and heating
Air Ride suspension seat
Radio prep package, antenna, cable, two speakers, wiring harness for speakers and radio
Tilt/Telescopic steering column
Front windshield wiper
Beverage holder
Telescopic rear view mirrors two (2) manually adjustable

Front Three Point Hitch and PTO

Three point hitch shall operate hydraulically
3-Point (Category 2/3N) hitch
Hook and ball quick attach ends
Lower arms shall have a float detent and shall float independent of each other
8350 lbs. lift capacity
Three point lift range 27.6 inches

Front Three Point Hitch and PTO cont.

1000 RPM, 1-3/8 inch independent front PTO
PTO shall rotate clockwise (looking directly at shaft)
Electro-hydraulic activation

Warranty

24 months or 2000 hours, whichever comes first.

Color Scheme

Wheatland Yellow 9W3

Emergency Lighting

Code 3 Model CL-199 Amber LED beacon light

Radios

Shall have the following installed by dealer:

800 Radio (Supplied by Airport)

FAA Radio I-com Model A110c (supplied by Dealer)

All antennas and cabling for antennas to be supplied by dealer

Radios to be mounted in vehicle specific, rack style mounting. If not available, consult Airport Fleet Manager for additional mounting options.

Manuals

To include two of each owner's manual and service manual (electronically if available)

General

It is the purpose of the following specifications to describe a self-propelled, flail type mower, which mows directly in front and has two rear mounted PTO/hydraulic driven flail mowers. The unit shall be of the manufacturer's current production model, meeting or exceeding the terms of these specifications. Units shall be the manufacturer's most heavy-duty model available. The manufacturer shall furnish parts and operation manuals for the units bid. The manufacturer shall also guarantee equipment against defects in workmanship and materials for a period of one (1) year. For any offer to be considered, all items must be of a standard production model, "not" modified for bid purposes. It is a requirement of this bid that vendors submit the pertinent information requested in each section marked "Vendor Requirement (VR)." In the event the requested material and responses are not supplied by the bidder, the bid submitted will be considered non-responsive and will automatically be rejected.

Safety and Testing

Shall meet the following industry standards: SAE: J1001, J284, J990, J1065. ANSI/ASAE S201.4, S203.13, S205.2, S279.12, S350, EP353.1. ASTM: A370 (VR). Submit compliance report signed by a registered professional engineer.

Safety shielding must include foot probe guarding as described in SAE Standard J1001. A safety guard consisting of a horizontal bar that is welded to the front cross tube with a 3/8" thick styrene butadiene rubber attached to the bar shall be standard on all side and rear flails.

Non-restrictive mower control valve shall stop cutter assembly in seven (7) seconds at full RPM

Total cutting width shall be not less than 21'6" of actual cut

Travel and transport positive hook and pin locks shall be required

Rubber deflector shield shall be bolted to back of bonnet

Standard rotation models shall have internal formed steel baffle. Reverse rotation models shall be equipped with front deflector.

**AIRPORT AUTHORITY
LAMBERT ST. LOUIS INTERNATIONAL AIRPORT
SPECIFICATIONS FOR A TRIPLE GANG FLAIL MOWER**

REQUISITION # _____

PAGE 8 OF 14
STATE ANY DEVIATIONS

Rear Flail Mower

Cutting width shall be at least 90" of actual cut each

Rear side cutter assembly shall be flail type, hydraulically powered

Rear flail cutter head assembly weight shall be a minimum of 3,670 lbs.

Cutter head arc shall be 150° from vertical position (rear unit).

Cutting height shall be infinitely adjustable from -1/2" to +6" (it shall not be necessary to remove the roller mounting brackets to adjust cutting height).

Mounting System

Mainframe of the rear mower assembly shall be attached to the tractors rear three point hitch and powered by the tractors PTO.

Lift assembly shall have one single acting and one double acting hydraulic cylinders controlling inboard and outboard ends of cutter head. Cutter head control (tilt) shall be accomplished by means of direct connected linkage to a double acting cylinder, allowing precise operation of cutting assembly. A single acting cylinder provides lift for the cutter head assembly.

Hydraulics

Hydraulic motor shall have a rating of 74 H.P.

Motors shall have cast steel housing with steel gears

Hydraulic reservoir shall be mounted to the three point hitch mounted frame

Reservoir shall be internally treated against corrosion with industry approved chemical agent at time of manufacture. Reservoir shall have an in tank filter rated at 75 GPM, 10 micron, 200 beta, element with bypass,

**AIRPORT AUTHORITY
LAMBERT ST. LOUIS INTERNATIONAL AIRPORT
SPECIFICATIONS FOR A TRIPLE GANG FLAIL MOWER
REQUISITION # _____**

**PAGE 9 OF 14
STATE ANY DEVIATIONS**

Hydraulics Cont.

restriction gauge, minimum one (1) PSI pressure at suction outlet and have ball valve suction line. Tank pressurized to 3 PSI (VR). Submit material used to treat reservoir (include MSD sheet). Type, design and micron size of filter element.

Hydraulic oil shall meet a cleanliness standard of ISO 46 rating (VR). Submit report of oil sample used.

Hydraulic pump shall be a 1,000 RPM tandem gear type with a rating of 136 input H.P. producing 59.6 GPM (29.8 GPM each section) at 3,500 PSI.

Pressure and return system hoses shall be 1" unrestricted inside diameter. Hoses shall have a burst of pressure four (4) time working pressure.

Mower control valve shall stop cutter assembly in maximum of seven (7) seconds from full RPM (VR). State time to stop from full RPM.

Hydraulic hoses and tubes shall be cleaned with pneumatic, triple projectile cleaning and shall maintain a JDS-G169 class 5.6. ISO cleanliness rating (VR). Submit method of cleaning and standard met.

Suction line shall be an unrestricted 1-1/4" inside diameter. (Specifically excluding suction filters and screens)

Cable Control Lift Valve

Mower lift control levers shall be of the single action design. Levers shall be pre-loaded to the center position, and have a force of not more than 15 lbs. at full travel. Lever action shall be symmetrical + or -30° maximum lever on mounting center line. Control levers shall have a working load of not less than 100 lbs. (VR). Submit manufacturer, model and part number of component.

Mower lift control system shall be mechanically controlled by stainless steel, polyethylene cables. Cables shall shall have a 1x7 core with nylon covering. Core shall be not less than .93" diameter, covered to .125" diameter with high efficient conduit cover. Conduit cover construction shall have a polyethylene liner with black polyethylene covering and shall have a heat range of not less than -65° F to +225° F. Core shall have a nominal movement of 2", with bulkhead end and groove end for attachment. Terminal ends shall be constructed of

**AIRPORT AUTHORITY

REQUISITION # _____**

**PAGE 10 OF 14
STATE ANY DEVIATIONS**

Cable Control Lift Valve cont.

stainless steel rod, with brass plated tube (VR). Submit manufacturer, model and part number of component. Mower lift, hydraulic control valve, shall be closed center, load sense, sectional valve with individual section compensation. Valve shall provide precision metered spools with metering notches. The valve shall have a low operating effort, and a working capability of 3,000 PSI. Valve shall have chrome plated, tapered, and metered spools, and employ individual pressure compensated work sections, flow divider (principle to maintain flow relationships), fully interchangeable spools, shuttle disc type load sense control with neutral drain to tank and priority flow capability. Valve shall have load checks in each valve section. System shall incorporate a single load sense line to load sense pump (fixed displacement pump systems shall incorporate in inlet unloader option). All functions shall be protected by individual pilot operated, port pressure relief valves, equipped with built in anti-cavitation check valves, and provide a detented float position.

Cutting Head

Drive belt system shall have automatic belt tightener. (Specifically excluding back bend belt tightener)

Cutter head arc shall be 150° from vertical position

Cutter head shall have replaceable skid shoes

Cutter head shall have a minimum of 20 1/4" of inboard travel

Cutting bonnet thickness shall be 10 gauge, 80,000 lb. yield steel with 1/2" drive side and 3/8" carrier side steel plates.

Cutting head shall have replaceable skid shoes

Cutter Shaft

Cutter head shall have 96 forged, hardened to 40-50Rc, self-cleaning, reversible all-purpose knives, or 48 smooth cut grass knives (VR). Vendor to indicate type material and hardness of cutter knives.

**AIRPORT AUTHORITY
LAMBERT ST. LOUIS INTERNATIONAL AIRPORT
SPECIFICATIONS FOR A TRIPLE GANG FLAIL MOWER
REQUISITION # _____**

Cutter Shaft cont.

Cutter shaft shall have an operating speed of 2, 100 RPM at rated tractor RPM.

Cutter shaft shall be a minimum of 6" diameter and 3/8" wall with 2 3/16" diameter bearings, bearings shall be manufactured in the US (VR). Each bearing race shall have two (2) set screws, counter-sunk into cutter shaft end shaft to prevent movement. Vendor shall indicate country of bearing manufacturer, size and bearing attachment type.

Cutter shaft shall have maximum clearance of 3/32" from bearing wrap protection.

Knife swing circumference shall be a minimum of 58 1/2".

Knife interchangeability shall not require change of cutter shaft.

Ground Roller

Ground roller shall be 6 5/8" diameter, with a self-cleaning mounting system

The ground roller assembly shall have a stationary sleeve bearing positioned on mounting shaft extending from either end. (Specifically excluding ball, tapered, double-tapered, or roller type bearings)

The housing shall have a stationary helical flight and seal guard fitted internally into ground roller assembly.

The bearing housing shall be connected to a flexible bearing seal on the inboard end of mounting shaft. The outboard end shall have a thrust bearing within the vertically positional bearing housing. An O-ring shall substantially surrounds the thrust bearing held in place by a groove formed within the vertically positioned bearing housing.

Internal stub shafts shall be axially and radially designed and are replaceable.

No externally mounted bearing cap shall extend beyond vertically positional housing (VR). Vendor shall describe roller system, no exception or deviation will be accepted.

**AIRPORT AUTHORITY
LAMBERT ST. LOUIS INTERNATIONAL AIRPORT

Flail mower assembly weight shall be a minimum weight of 1610 lbs.
Cutting height shall be infinitely adjustable from -1/2" to +6". (It shall not be necessary to remove the roller mounting brackets to adjust height)
Tractor's 3-point hitch system shall be used for mower's lift system

Mounting System

Unit shall have 3-point hitch Category II mountings

Drive System

PTO shaft shall have a minimum rating of 65 horsepower
Gearbox shall be reversible, rated 90 HP constant & 135 HP intermittent
Drive belt system shall have automatic belt tightener, rated at 81 HP. (Specifically excluding back bend belt tightener.

Cutting Head

Cutting head shall have replaceable skid shoes
Cutting head shall be rated for 100 RPM PTO
Cutter head shall have PTO shaft storage yoke

ATTENTION BIDDERS

Please carefully review all information requested in this bid package.

Failure to submit requested samples, literature or any other requested information may result in disqualification of your bid or any portion of your bid.

Also the reasons indicated below may disqualify your bid. If you have any questions, call the buyer indicated in this bid package.

This form must be returned with your bid.

- Two or more bids submitted for one item, unless instructed to do so. (item rejected)
- Signature missing on bid or any required form.
- Buy American Form not completed or returned. (may be rejected)
- M/WBE Form not completed or returned. (may be rejected)
- Altered or erased unit prices must be initialed.
- Faxed bid, unless specifically requested (will be rejected).

- FOR CONTRACTS ONLY: Please provide your DUNS # _____
- FOR CONTRACTS ONLY: Failure to submit required Bond by the date indicated.

I certify that I have read and understand the information above.

ST. LOUIS DOMESTIC PRODUCTS PROCUREMENT ACT

The City of St. Louis has enacted an ordinance relating to the purchase of domestic products by City government, with penalty provisions. The ordinance amends Section 5.58.010 Revised Code of the City of St. Louis, 1986, as amended by adding thereto new subsections dealing with the requirement that the Supply Commissioner or his designee give preference to goods or commodities manufactured in the United States of America, stating exceptions to said policy. Sections one through six are reprinted below.

Section One. Section 5.58.010 Revised Code of the City of St. Louis is hereby amended by adding the following language: Each solicitation to bid and the method of describing the items to be bid upon of any goods or commodities sought to be purchased by the Office of Supply Commissioner, and any contract entered into by and on behalf of the City of St. Louis and executed by the Mayor and/or the Comptroller of the City of St. Louis wherein the construction, alteration, repair or maintenance of any public works is the subject of the contract so executed, shall contain a provision that the goods or commodities furnished or used in the furtherance of said project by any contractor or subcontractor, manufacturer or supplier as the case may be, shall be manufactured, assembled or produced in the United States, and said requirement as defined above shall be stated in said bid.

Section Two. The provision of Section One of this Ordinance shall not apply in the following instances:

- (i) Where the item purchased as the contract entered into for repairs or renovation is less than One Thousand (\$1,000.00) Dollars.
- (ii) Where no line of a particular good or product is manufactured, assembled or produced in the United States.
- (iii) Where the acquisition of United States manufactured or produced goods would increase the cost by more than (10%) percent.

Section Three. The certificate required by this section shall specify the nature of the contract, the product being purchased or leased, the names and addresses of the United States manufacturers and producers contracted by the Commissioner or the project architect or engineer, and an indication that such manufacturers or producers could not supply sufficient quantities or that the price of the products would increase the cost of the contract by more than ten percent.

Section Four. No public agency may authorize, provide for, or make any payment to any vendor or contractor upon any contract in violation of section 2 of this act. Prior to the awarding of the bid and before any public agency authorizes, provides, or makes payment to any vendor or contractor upon any contract to which section 2 or 6 of this act applies, the vendor or contractor shall provide proof of compliance with section 2, and, if applicable, section 6 of this act. Any vendor or contractor who knowingly misrepresents any material fact to the public agency concerning the origin of any manufactured goods or commodities shall be guilty of a Class A misdemeanor.

Section Five. Sections 1 to 6 of this act shall apply only to contracts and subcontracts entered into after the effective date of this act, and shall not limit the use or supply of manufactured goods or commodities purchased or leased prior to the effective date of this act.

Section Six. Nothing in sections 1 or 6 of this act is intended to contravene any existing treaty, law, agreement, or regulation of the United States. All contracts under section 1 or 6 of this act shall be entered into in accordance with existing treaty, law, agreement, or regulation of the United States including all treaties entered into between foreign countries and the United States regarding export-import restrictions and international trade and shall not be in violation of sections 1 to 6 of this act to the extent of such accordance.

Interpretations and Guidelines

Section One: "Shall be manufactured" is interpreted to mean to make or process a raw material into a finished product or to turn-out in a mechanical manner. "Assembled" is interpreted to mean to fit or to join together the parts, gather, or to congregate in a manufacturing environment. "Produced" is interpreted to mean to create by manual or physical effort, to make or yield to customary product or products.

Section Two (i) This is interpreted to mean less than one thousand dollars in aggregate (total purchases).

(iii) When applying this subsection, multiply the cost of the foreign product by ten percent and compare the cost to the American product. If the American product cost is less than the sum of the cost of the foreign product plus ten percent, the award will be made to the vendor bidding the American product. The price paid by the City of St. Louis will be the actual price bid by the winning bidder.

Section Three: "Could not supply sufficient quantities" is interpreted to mean in order to meet the using agency's delivery schedule and in quantity specified.

Section Four: The vendor's authorized representative must complete a self-certification form, as required by the existing procedures previously indicated. These certification forms will be used to determine whether the manufacturer or producers could, or could not supply sufficient quantities, or the cost of the products would increase the contract by more than ten percent.

Prior to the City awarding the bid, the vendor shall provide certification that the product being bid is manufactured, assembled or produced in the United States or there is an existing treaty, law or regulation whereby the product bid shall be treated the same as product manufactured, assembled or produced in the United States. The procuring agency shall accept the self certification in order to apply the percentage differential that is applicable under this law. Failure to provide certification shall cause the city to presume that such product is not American made and preference shall not be considered for that product.

CERTIFICATION FORM

ST. LOUIS DOMESTIC PRODUCTS PROCUREMENT ACT

(BUY AMERICAN)

Bidders are advised of legislation enacted by the City of St. Louis which requires all manufactured goods or commodities used or supplied in the performance of this contract or any subcontract to be manufactured, assembled or produced in the United States, unless obtaining American made products would increase the cost of this contract by more than ten percent.

Section Four requires the vendor or contractor to certify his compliance with this legislation and if applicable, Section Six, if preference is claimed.

This legislation does not apply if the total bid is less than one thousand dollars (\$1,000.00).

Bids received will be evaluated on the basis of this legislation. Certificates of compliance must be completed and returned to be considered for preference. Failure to provide certification shall cause the City to presume that such product is not American made.

☐

CERTIFICATION

If all the specified goods or products are manufactured, assembled or produced in the United States, check box at left and complete certification at the bottom of this form.

☐

SECTION SIX CERTIFICATION

If any or all of the specified goods or products are manufactured, assembled or produced in a country other than the "United States", and exemption is requested because such product is Fair Trade Product: (a) list the country, other than the United States, where each good or product you propose to furnish is manufactured, assembled or produced; (b) check box at left of this paragraph and list corresponding commodities and (c) complete Section Six Documentation portion below.

Item Number(s)

Location Where Item Manufactured, Assembled or Produced

☐

SECTION SIX DOCUMENTATION

The specified goods or products are treated as manufactured, assembled or produced in the United States under an existing treaty, law, agreement or regulation of the United States regarding export-import restrictions and international trade. List item Number(s) and Treaties covering item below.

DEFINITIONS

- MANUFACTURED** - to make or process a raw material into a finished product; create, or to produce or to turn-out in a mechanical manner.
- ASSEMBLED** - to fit or join together the parts in a manufacturing environment.
- PRODUCED** - create by manual or physical effort, to make or yield the customary product or products.

MUST BE COMPLETED AND SIGNED

I hereby certify that the above information is true and correct and further certify that this statement complies with all provisions of Section 5.58.010 Revised Code of the City of St. Louis, 1985, as amended.

**CITY OF ST. LOUIS/SUPPLY DIVISION
MINORITY/WOMEN BUSINESS ENTERPRISES FORM
(M/WBE FORM)**

A. Mayor's Executive Order #28, Section Six - Supply Contracts

1. The goal of the City of St. Louis is that 25% of the value of all contracts let and purchases made by the Supply Commissioner shall be let or made with Minority Business Enterprises (MBEs) and that 5% of the value of all contracts let and purchases made by the Supply Commissioner shall be let or made with Women's Business Enterprises (WBEs).
2. All contracts let by the Supply Division for the purchase or lease of materials, equipment, supplies, commodities or services, the estimated cost of which exceeds \$500, shall be subject to this goal.
3. The methods by which the Supply Commissioner shall pursue this goal shall include but not be limited to the following:
 - a. The Supply Commissioner shall solicit bids from minority business enterprises and women's business enterprises certified to supply the required materials, equipment, supplies or services;
 - b. St. Louis Airport Authority (SLAA) shall provide the Supply Commissioner with a list of minority business enterprises and women's business enterprises qualified to provide each of those commodities that the Supply Commissioner indicates are required by the City;
 - c. The Supply Commissioner shall notify SLAA prior to solicitation of bids whenever no such qualified businesses are available;
 - d. SLAA shall attempt to identify such qualified businesses, and if successful, shall notify the Supply Commissioner of their availability; and
 - e. The Supply Commissioner shall provide such minority business enterprises and women's business enterprises every practical opportunity to submit bids.
4. Joint ventures or mentor-protégé relationships between prime contractors and subcontractors with local MBE and WBE firms are encouraged.
5. Participation of MBE and WBE firms located outside the St. Louis Metropolitan Statistical Area (SMSA) shall not count toward the goals established in this order.

B. SUPPLY DIVISION POLICY

It is the policy of the Supply Division that all bids/contracts awarded adhere to the Mayor's Executive Order #28. All vendors are encouraged to comply with this policy and all other provisions of Executive Order #28. A copy of Executive Order #28 is available upon request. Each Vendor/ Contractor (bidder) must complete, sign and return this M/WBE Form. Failure to complete, sign and return the M/WBE Form will result in the bid being declared non responsive and your bid may be eliminated.

C. OBLIGATION

The bidder agrees to make a good faith effort to ensure that M/WBE businesses have an opportunity to participate in the performance of contracts or subcontracts financed in whole or in part with City funds. The bidder will take all necessary and reasonable steps to ensure that said businesses have an opportunity to compete for and perform under this bid/contract. The bidder shall not discriminate on the basis of race, color, national origin or sex in the award and performance of bids/contracts. The Directory of Disadvantaged, Minority and Women Owned Business Enterprises certified by the City of St. Louis, can be viewed at www.mwdbe.org.

ORDINANCE #69431
Board Bill No. 295
Committee Substitute
As Amended

An Ordinance repealing Section One, part 86.040 of Ordinance 56716, pertaining to the opening of bids, codified as Section 5.58.040 of the Revised Code of the City of St. Louis, and enacting a new provision on the same subject matter which allows a local bidder to match the lowest bid when the lowest bid is from a non-local bidder; enacting a new provision on the same subject matter; containing severability clause.

WHEREAS, local businesses which seek to enter into contracts with the City of St. Louis are at a competitive disadvantage with businesses from other areas because of the higher administrative costs of doing business in the City;

WHEREAS, the City of St. Louis desires to encourage businesses to remain in the City and to relocate to the City;

WHEREAS, by enacting a local preference law that allows a local firm to match the lowest bid when its bid is within 2% percent of the lowest bid, the City hopes to encourage and stimulate local business.

BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. Section One, part 86.040, Ordinance 56716 is hereby repealed.

SECTION TWO. Enacted in lieu thereof is the following new section.

5.58.040 - Opening of bids.

A. Proposals shall be opened at the time and place fixed by the advertisement, in the presence of such bidders as desire to be present, and shall be open to the inspection of bidders.

B. The bids shall not be materially modified or amended as to price, specification or otherwise, nor substitutions placed thereon, after opening except when the lowest bid is from a non-local bidder. When the lowest bid is from a non-local bidder, any local bidder within two percent of the lowest bid may match the lowest bid. If a local bidder matches the lowest bid, then the Supply Commissioner may select the bid from the local bidder. If more than one local bidder is within two percent of the lowest bid, then only the lowest local bidder may match the bid. In all other circumstances, modification, supplementation or amendment shall cause rejection of the bid. For purposes of this chapter, local bidder means a bidder whose principal place of business is within the City of St. Louis, has had a valid business license for at least one year, and is current in payment of local taxes. Principal place of business shall be defined as the business's physical office, plant, or site where a majority (51%) of the full-time employees, chief officer, and managers of the business regularly work and conduct business, or where the plant or office and equipment required for the furnishing of the goods or performance of the services provided to the City, as required by the contract, are physically located in the City of St. Louis for at least one taxable year immediately prior to the date of the bid.

C. Bids may be for one or more or all the articles advertised for, but there shall be a specific bid on each article. The award may be made to the lowest bidder for any article, or to the lowest bidder for the entire requisition or any part thereof, but the Board of Standardization may reject any or all bids or any part of any bid.

SECTION THREE. Severability.

The provisions of this section are severable. If any provision of this ordinance is declared invalid, that invalidity shall not affect other provisions of the ordinance which can be given effect without the invalid provision.

Approved: April 29, 2013

CITY OF ST LOUIS, MISSOURI
INSTRUCTION TO BIDDERS (for request for quotations - RFQs)

VENDORS SHOULD CAREFULLY READ THE FOLLOWING INSTRUCTIONS AND TERMS AND CONDITIONS, BEFORE SUBMITTING QUOTATION. **CAUTION: THIS IS NOT AN ORDER**

- Quotations will only be accepted on this form which must be returned in a **sealed envelope**. *The upper left corner of the envelope must include the following information: Vendor Name, Quotation Number and the Due By Date.* This information is also required on any mail delivered next day or overnight.
- Quotations should be typewritten or in ink. Altered or erased unit price(s) must be initialed. One copy of Quotation Sheet must be submitted, please retain a copy for your files.
- The Supply Commissioner reserves the right to reject any or all bids.
- The Supply Commissioner reserves the right to make awards on an item basis or on a total basis.
- Bidders must quote Unit Price(s) and Extension on each item. When an error appears on an extension, the Unit Price(s) will govern.
- When Quotation Sheet requests item(s) by brand name and your quote is for an alternate brand - show brand name(s) with model number(s) and attach full specifications.
- When Quotation Sheet has only a general description(s) of item(s) required - show brand name with model number(s) and attach full specifications.
- Suppliers shall not offer more than one bid on each item. Two or more quotations on the same item may cause a rejection of the bid. Suppliers must determine which one of their many styles or types fully meet the specification.
- Freight or delivery charges must be included in quote, or shown separately on quote, so bid can be evaluated.
- **Bids must arrive no later than NOON** on the date stated or will be rejected. Faxed or E-mailed bids are not accepted unless specifically requested.
- Bids will be publicly opened on the date specified beginning at NOON.
- Prices quoted will be considered firm.
- Bids having an acceptance limit of less than 30 days after opening date may be rejected.
- Time of proposed delivery must be stated in definite terms.
- Failure of Bidder to understand the item(s) requested or any part of the specifications will not be a valid reason for bidding on the wrong item(s). Any questions regarding description of item(s) requested should be cleared with the Buyer listed in the bid document.
- **Samples** when requested must be delivered before actual time of bid opening with each sample plainly tagged showing the name of Bidder, Quotation Number, Brand Name and lot number or quality. Submission of samples does not relieve bidder from meeting the specifications as outlined in the Bid Documents unless the bidder specifically states they are bidding on an alternate.
- All samples are to be submitted to the address listed below unless otherwise stated in Bid Documents.
- Deliveries must be accompanied by a packing slip or invoice, listing the Department, Quotation Number, and the exact quantities of each item included in the shipment.
- **ONLY U.S.P., N.F., OR N.N.D. DRUGS ARE ACCEPTABLE. ALL DRUGS MUST COME IN MANUFACTURER'S ORIGINAL PACKAGES, PROPERLY SEALED.**
- In the event the successful bidder fails to make delivery of any item or items that meet the conditions and requirements as outlined in this proposal within 7 days of time stated by bidder on face of this quotation sheet, the City reserves the right to purchase said item or items on the "OPEN MARKET" and charge any costs above the BID PRICE to the bidder.
- The laws of the State of Missouri provide that the City of St. Louis pay no State Sales or Use Tax or Federal Excise Taxes and these taxes should be excluded from your bid price. Federal Excise Tax Exemption Certificates will be furnished to successful bidder.
- Suppliers shall save harmless the City of St. Louis from the payment of any and all claims or demands arising out of any infringement, alleged infringement, or use of any patent or patented device, article, system, arrangement, material or process used by him in the execution of this contract.
- Supply Division hours are Monday through Friday - 8:00 A.M. to 5:00 P.M. Main Number: 314-622-4580.

All bids must be submitted in a SEALED ENVELOPE and mailed to:

SUPPLY COMMISSIONER
1200 MARKET ST RM 324
ST LOUIS MO 63103-2842
